ABOUT US

Vertex is one of the most upcoming Industry in Northern India for manufacturing of HDPE pipes & permanently lubricated HDPE Ducts used as underground optical fiber cable conduits as per BSNL,TEC Specifications No .G/CDS-08/02 Nov.2004 and also manufactures PP-EX threaded pipes and fittings set up with aim to provide an ultimate plumbing solution for home, office, shopping malls, hotels and Other establishments. The company has registered an impressive growth with its excellent work culture, Vertex is now ISO:9001-2008 certified company thus taking step further in providing products and services as per the international standards.

ISI & ISO CERTIFIED

IS: 4984:1995,IS: 14333:1996,
IS: 14151:1999,IS: 14151:2008
(Part 2) and ISO: 9001-2015
Company Certified

GENUINE PRODUCTS

High Density Polyethylene (HDPE) pipes are made of quality and genuine material tested on high quality checks.

ONLINE 24 HOURS DAILY

Our Specialized staff is ready to solve your problems 24/7.

WHY CHOOSE US?

- The smooth interior surface provides a high flow factor that does not decrease over time
- Corrosion resistant
- Scratch and impact resistant Flexibility
- It doesn't maintain permanent deformations
- Lightweight
- Bacteria and chemical resistant
- Longer lengths, which reduces the number of unions (smaller cost) and reduces the possibilities of human errors in the installation
- Easy to transport
- Longevity
- Cost-effective installation
- Resistant to seismic movement

OUR PRODUCTS

HDPE Pipes for Water Supply (IS:4984:1995)

The most commonly used application of HDPE Pipes globally is conveyance of potable water. The Central Public Health Engineering Research Institute, Nagpur and the Ministry of Health, Govt. of India had long back certified the use of HDPE Pipes for conveyance of drinking water

HDPE Pipes for Sprinkler Irrigation

HDPE Sprinkler Pipes & Fittings conforms to IS-14151 (Part I & II) are manufactured in high-tech plant with latest manufacturing technology under authoritarian class control

HDPE Pipes for Sewerage (IS:14333:1996)

Over the past several years the specification and use of HDPE corrugated pipe for storm water & drainage has increased dramatically based on factors such as the pipe's strength, durability, joint integrity and long-term cost-effectiveness.

HDPE Low Friction Ducting

A high performance low-friction HDPE sub-duct system providing excellent cable protection and management for underground and aerial networks.

PP-EX Plumbing Pipes

VERTX Pipes are engaged in manufacturing, and supplying PP-EX Plumbing Pipes. We manufacture the PP-EX Plumbing Pipes using quality material that make us assure their high quality. PP-EX Plumbing Pipe offers smooth and efficient flow characteristics owing to its perfect finishing
